

**WORLD STUDENT CHRISTIAN FEDERATION
AFRICA REGION
ACTIVITIES REPORT 2008**

“I shall pour out my Spirit on all humanity. Your sons and daughters shall prophesy... and your young people shall see visions, Joel 2: 28-29”.

CONTENTS

1. Foreword by the Chairperson
2. Year Review by the Regional Secretary
3. Governance
 - Officers and Staff meeting – 12th – 20th February, Geneva
 - Africa Executive Committee Meeting, 5th to 8th April, Nairobi
 - Africa Regional Committee Meeting, 23rd to the 25th of July, Nairobi
4. Activities
 - Training Workshop on Human Rights – 26th to the 29th of July, Nairobi
 - Training Workshop on Economic Justice and HIV and AIDS, 7th to the 10th of October, Kigali, Rwanda
 - Training Workshop on HIV and AIDS, Central Africa Sub region, 10th to the 12th October, Kigali, Rwanda
 - Training on Economic Justice, November, 26 November to the 1st of December, Lusaka, Zambia
5. Movements Visitation
6. WSCF Africa Diary of Events 2008
7. Financial Report
8. List of affiliated and associated SCMs
9. List of Donors

FOREWARD

Dear colleagues and Partners,

It is with great honour and consideration that we present to you WSCF Africa 2008 annual report.

This report is completed when the African continent still facing serious difficulties among which: widespread poverty, civil wars, bad governance, injustice and corruption, epidemics such as HIV/AIDS, illiteracy, and now the rising costs of basic necessities.

Some countries experienced and are still experiencing difficulties, such as Kenya, Zimbabwe, Democratic Republic of Congo, Sudan, Chad, etc. In all of these situations, the voice of the Lord calls us out to be the messengers of God for change. ***“Righteousness makes a nation great; sin is a disgrace to any nation.”*** Proverbs 14:34¹.

We, as WSCF-Africa, have developed strategies that permit us to face these challenges and to reinforce the capacity of the members of Christian student movements, so that they may be true channels through which the message of redemption and the actions that bring that redemption into being can flow. Through the training of youth, the capacity building, the faithful witnesses for Christ, we are confident in better future when our young members of SCMs and the WSCF will be true leaders and servants of their countries, their churches and their communities, because the creativity of the Lord and the work of men and women are intimately connected.² This is what it means to be a prophet and visionary during one’s youth: to know what must be done at a precise moment, at a precise location, for precise people and in a precise manner.

This year 2008 has also been a year of many events particularly in WSCF Africa Region. WSCF Africa organized two important constitutional meetings: the Africa Regional Committee Meeting and had done a lot to bring the African delegates to Montreal for the 34th General Assembly in August 2008.

I will conclude by presenting my gratitude to all those who have contributed to the success of the work of WSCF Africa in 2008. May the Staff, the Executive committee members, SCMs and all our Partners find in this report the expression of their respective contributions!

Mr. NDAYIZEYE Normand
WSCF Africa Chairperson

YEAR REVIEW

Each year WSCF Africa Region planned its program in line with the recommendation of the Africa Regional Committee (ARC). Activities are planned and scheduled with faith that our Father will provide and will continue to touch the heart of our donors so that they do not stop their financial support as we depend 100% on external funding. The political and socio-economic situation in the region and countries will also inform the decision on where to hold workshops.

By God's grace, by His support and guidance and through the generous contribution of our financial partners, we held two statutory meetings and 4 workshops:

- The Executive Committee Meeting
- The Africa Regional Committee Meeting
- The Human Rights Workshop
- The HIV and AIDS and Economic Justice Workshop
- The Skill building Workshop on Economic Justice
- HIV and AIDS Overcoming Stigmatization workshop

In addition to these gatherings, we lead the African Delegation to the 34th General Assembly of the Federation in Montreal, attended the Staff and officers meeting in Geneva, the UN meeting in Paris and UN-Habitat meeting in Durban. We also visited some movements and took part to other ecumenical gatherings as the AACC General Assembly in Maputo, FIM meeting in Geneva.

This was not an easy task as every year during our meetings and trainings, we learned from our members, listen to their problems and challenges. Meetings with our members are still and will remain part of my good memory as is during these meetings that we hear great wisdom from students, witness their struggle and faith in the midst of so much uncertainty and poverty. I'm always very passionate on how they can think right and can share their vision of the new Africa. But at the same time I felt as powerless as most of the dreams are just remaining at our level as many national policies are excluding young people. Nevertheless it is still in a midst of these contradictions, that I keeping faith and hope that things will change in the continent and that the artisans of change are WSCF members.

I will also confess that I'm sometimes so desperate and so discouraged with some discourse of our young people. They will argue to have "perdiem" to be trained, that's unbelievable! borders' and sisters, we can not change if we do not have the sense of sacrifice and determination. Of course in our budget there is no allocation for perdiem, we should have just distributed to you as we know your difficult financial situation. But it is important to understand that if we don't get rid of "begging", we will never be ready for big task and challenges. Hosting a meeting is viewed by few as an opportunity to get some money from the Regional Office, it is still fine, but friends it is also important to focus on the objectives and goals to meet first and the rest will come. We are also

challenged by the quality of leadership in some context. Everything have to be given to them and explained to them and still they may not even understand as their mind is set with the idea that the Regional Office have unlimited resources. Some will forget that we are organizing activities to strengthen our members not for our benefit and will show no respect to the authorities during workshops.

It has been hard for us to see some our members not keeping their promise when they represent their movement at some international gathering. We are praying and working to help our members to understand that success and accomplishment can be achieved home. It is true that the challenges we are facing are discouraging and do not give hope as constitutions are changed in some countries to prolonged the terms of some Head of State, unending war in Eastern DRC, massacre of civilian by LRA, Zimbabwe crises, Coup d'état in some countries like Mauritania and Guinea and military coming in with their own constitution: in addition to that HIV and AIDS prevalence rate not declining, women empowerment still hindering by some patriarchal behaviors, that food crises and danger of famine is growing in some countries and the list goes on. Still migration is not a solution. We need to strategize on how the model of some democratic government as Benin, Ghana, and Zambia can be followed in the continent.

We should also keep faith like the Psalmist who says: *“For you O God, have tested us, you have refined us as silver is refined, you brought us into the net, you laid affliction on our backs (we know that all the afflictions in Africa is caused by African themselves and some external forces), you have caused men to ride over our heads, we went through fire and water, but you brought us out to rich fulfillment”, Psalm 66:10-13.* Let's continue to pay God our vow and he will rescue us and bring us to rich fulfillment. Let us continue to write history with Him in the footstep of Barrack Obama, the very unique miracle Africans and the world is witnessing today. God definitely needs our hands (iron hands) to work with Him.

Thanks to the support and partnerships we have had with our Grantees, Donors and Partners Organization: WCC, ICCO and Kerckinactie, KAIROS Canada, United Church of Canada, GBGM, Anglican Church of Canada, ActionAid International, NCCA for your unfailing support and trust.

Thanks to the IRO, the General Secretary, WSCF officers, Executive committee members, Africa Exco members, our national movements, our senior friends and all of you who have contributed to the achievement of our action in 2009.

Special thanks to my colleague in the Regional Office: Maxwell Omondi and Jonathan Muruli. Shimambo. May God continue to bless you as you endeavor for peace and justice in the world.

Georgine Kengne Djeutane
Regional Secretary
WSCF – Africa Region

GOVERNANCE

1. Staff and Officers meeting in Geneva

The Staff and officers meet in Geneva, Chavanne de Bogis from the 12th to the 20th of February 2008. Sessions on the preparation of the General Assembly which took place from the 1st to the 10 August in Montreal where held. We also reviewed our implementation of the Ecumenical Assistance Program (EAP). The IRO hire a consultation firm to carried out the evaluation of EAP to pave way for better results and achievements at the national level.

2. Africa Executive Committee Meeting

The Africa Executive Committee Meeting was held from the 5th to the 8th of April 2008 at the Rosamystica Spiritual Centre. The 6 members of the Executive committee met to finalize the preparation of the Africa regional Committee meeting and the Africa participation to the General Assembly. We also reviewed the progress made on Calabash fund. In 2002 we agreed to build our reserves in order to preserve and to perpetuate the activities of the WSCF Africa for the future generations and to break the 100% dependence of the Region to external funding. To date the collection is not doing well as it was expected between the two levels collection (National & Regional). Effort has been made only at the Regional level. Movements are also slowing down our effort to finalize our Senior Friend network project. Few movements only have sent the list and contact of their senior friends. We hope to make progress in the coming and we need national movements' collaboration.

3. Africa Regional Committee meeting 2008

The Africa regional committee (ARC) was held at the resurrection garden-Karen, Kenya from July 23rd to 25th 2008. A total of 30 participants (16 male and 14 female) attended the ARC, which includes representatives of 23 national movements, 6 Executive Committee members and Staff, 1 Senior Friends and 4 Observers.

The Africa Regional Committee Meeting is a biennial meeting which brings representatives from national movements to exchange and share life experiences from their respective movements, and to learn form one another. The ARC 2008 was followed by the Human Right Training.

The theme of the 2008 ARC which was coupled with the 34th General Assembly of the World Student Christian Federation was based on the book of Joel the prophet: "*I shall*

pour out my Spirit on all humanity. Your sons and daughters shall prophesy...and your young people shall see visions." Joel 2: 28.

Every four years WSCF holds a General Assembly as the most representative expression of the Federation's life. Its functions are:

- to call forth a new generation of ecumenical leaders,
- to gather students from around the world to share stories of God's work in their lives and their work in God's world,
- to re-envision the mission of the WSCF and its 105 national movements for the quadrennium to come,
- to review and assess the situation of the member movements, the regions and the world-wide situation of the Federation.

The theme from the prophet Joel is quoted in the story of Pentecost found in the Acts of the Apostles chapter 2. The text emphasises the role of youth in the dreams of the early church and the sense of optimism experienced at Pentecost. By choosing this theme, we seek to connect WSCF with the prophetic tradition and to express a sense of optimism, vision, strength and purpose for this General Assembly and the coming quadrennium.

The Bible Study was one important component of the gathering and everyday student were reading the Bible and were reflecting on they ministry today. Facing the modernity and all that it entails in terms of globalization, the New Technologies of Information and Communication (NTIC), the internets' users and cybercafés, the international financial institutions (IMF, WB, G8), the anarchical proliferation of religious denominations and implantations of religious communities, all these coupled with the change of social norms and moral values, there is a series of thorny questions just arising here:

1. What is the prophetic message that the African youth should proclaim into the world in the light of the book of the Prophet Joel?
2. What role actually WSCF youth is playing and shall play in the midst of cultural, economical, political and religious upheavals?
3. How to go about the above-mentioned prophetic role for the African Christian youth in matters pertaining to the proclamation of a prophetic message in an African context today?

The youth of Africa in general and that of WSCF Africa Region in particular must be attentive enough so as to avoid lending a deaf ear to the Word of God but rather be eager to address injustice, inequality, and sin of omission or commission by choosing carefully their role models, and focusing on life-saving strategies as far as Christian commitment and salvation are concerned.

As Paul puts it clearly in 1 Tim 4: 7, 8, & 12, this instruction should safeguard us: "Have nothing to do with godless myths and old wives' tales; rather, train yourself to be godly. For physical training is of some value but godliness has value for all things, holding promise for both the present life and the life to come.

Don't let anyone look down on you because you are young, but set an example for the believers in speech, in life, in love, in faith, and in purity." (NIV Bible)

As matters stand, let WSCF youth keep up announcing today a prophetic message in line with positively transforming the world in which they live by praising God and telling of His greatness as best they could and giving thanks for all the mighty deeds God has done. This involves clean relationship with God through Jesus Christ our Lord and Saviour. It means at the same time developing an ethical Christian relationship with our neighbours who include but are not limited to our parents, siblings, relatives, agemates, schoolmates, workmates, leaders, etc... for the works of our hands speak louder than the words of our mouths.

Members of the Executive Committee were also elected during the ARC. Normand Ndayizeye as President, Opiyo Edwin as Vice President, Gloria Lay Joseph as Treasurer, Denise Akpei Memel and Jules Tchede Dakpanon as members of the Executive Committee. They proxies are Lydia Barbra Nyabunya (Uganda) and Ruth Essebe Ngotty Chanceline (Cameroon).

We thank God for His guidance during our deliberations and His blessing throughout the ARC and the Human Rights Training. May Jesus Christ our Saviour lead us all in our ministry.

ACTIVITIES

1. Human Rights Training

We held a training on Human Rights from 26th – 28th July 2008 at the Resurrection Garden, Nairobi, Kenya. A total of 30 participants (14 female and 16 male) attended the workshop.

The training aimed to enhance knowledge of participants in the field of human rights. It's also aimed to provide tools and adequate information which will help our members to fight effectively on human rights abuse in the continent.

The themes of the workshop were: Introduction to Human Rights, Equality and Non-discrimination, Engaging and monitoring Public Funds, Promoting Youth Leadership and Participation, Human Rights and Law, Youth and Societal Transformation: Interrogating the parameters of Human Rights, Security, Gender, Governance and Development and lastly, Opportunities for engagement by Christian students with human rights work in Africa.

At the end of the workshop, most of the participants agreed that the Human Rights training met its objective. Some delegates suggested that the training should be introduced to primary schools and it should take place in each and every country to be more effective.

The training enabled them to know how to discuss issues on Human Rights with young people and adults. They gained skills on how other movements in the sub-region were dealing with the Human Rights in their own countries and internationally.

They also suggested that WSCF Africa Region should improve its action towards the Human Rights training and should take this action:

- Plan for more Human Rights trainings workshops for youth and students at Nationals movements' level.
- Give youth the opportunity to share their experience locally as well as at the international level.
- Strengthen National Movements that don't have a lot of expertise in Human Rights by having training Programmes in their National Movements

2. Training Workshop on Economic Justice and HIV and AIDS

WSCF Africa Region held a Workshop on Economic Justice and HIV and AIDS in Kigali Rwanda from the 7th to the 9th of October 2008. The meeting took place at ISANO Centre, the Presbyterian Church in Rwanda. A total number of 21 participants (11 female and 10 male) attended the training.

We aimed to deepen knowledge of WSCF members and build their individual skills in developing and implementing plans and strategies for undertaking policy advocacy for HIV and AIDS and Economic Justice.

2. Training Workshop on HIV and AIDS, Central Africa Sub region

WSCF Africa Region held a Workshop on HIV and AIDS in Kigali Rwanda from the 10th to the 12th of October 2008. The meeting took place at ISANO Centre, the Presbyterian Church in Rwanda. A total number of 30 participants attended the training. Participants were drawn from Burundi, Cameroon, Democratic Republic of Congo and Rwanda.

The rights of people living with HIV and AIDS are often violated because of their presumed or known HIV status. These people are doubly penalized, on the one hand by the disease itself and by the loss that it brings to their other rights. Stigma and discrimination can block their access to treatment; affect their jobs, their homes and other rights. That, in turn, contributes to other risk both the stigma and discrimination that discourage people with HIV and those otherwise penalized because of the disease make themselves known to health services and social services. It follows that it is precisely those who have the greatest need to be informed, educated and counseled who are deprived of such services, even when they are available. We intend to change this

mindset.

3. Training on Economic Justice

From the 26th to the 1st of December 2008, WSCF Africa Region organized a skill building workshop on economic justice at the Justo Mwale Theological College with the aim to analyze youth perspectives and practices on the causes of and ways of tackling poverty, inequality, and environmental destruction, to analyze ways and action to be taken to address poverty, wealth and ecology in the context of globalization.

Delegates from Zambia, Namibia, Lesotho, Zimbabwe, Kenya and Mozambique attended the workshop.

The overall goal of the project was to train and organize youth leaders of WSCF to work toward a new vision for Africa that promotes sustainable development, poverty eradication and advocacy to promote Alternative Globalization Addressing People and Earth (AGAPE) promoted by the World Council of Churches.

At the end of the training, participants agreed that they have acquired more knowledge on Economic justice and they will work on their national action plan and advocate to impact on poverty eradication and economic justice issues in Africa. They will also build at the national level youth constituency that seeks to positively influence public economic policies in Africa.

National Movement Visitation

In the course of the year 2009, we visited the following movements: SCM of Nigeria, the 2 SCM in Rwanda (MESSORWA and RAJEPRA) and the SCM of Zambia.

During my visit in Toronto, I had a meeting with some partners, UCC and Kairos and Africa Files. A presentation on WSCF Africa Region programme was shared and was recorded by Africa Files. Africa Files is a network of volunteers relaying African perspectives and alternative analyses to promote justice and human rights. A podcast was then produced by Farai Gonzo. This podcast was sent to our members and our network. I also participated at the Earth Hour candlelight Church Service to raise awareness around Climate Change

WSCF AFRICA REGION DIARY OF EVENTS 2008

1. Staff and Officers meeting in Geneva, 12th – 20th February 2008

WORLD STUDENT CHRISTIAN FEDERATION AFRICA REGION

VISION AND MISSION

WSCF is a global community of Student Christian Movement committed to dialogue, ecumenism, social justice and peace.

Our mission is to empower students in critical thinking and constructive transformation of our world. We also seek to promote cooperation among young people in working and advocating for socio-economic justice, peace and human rights and responsible and accountable leadership in the world.

Founded in 1895, the WSCF serves 6 regions around the world, including 25 countries in Africa. In the past 112 years, the focus has been on promoting peace and conflict transformation, human rights education, Bible Study and Theology, Economic Justice, Leadership training. In addition to these foundational efforts, more recently in Africa there have been Initiatives to empower women, develop leadership, and generate interfaith dialogue and combat HIV and AIDS.
